Catalogue

The coins listed in this catalogue come from a small, but exclusive collection which is the result of many years of careful selection.

It was the owner's idea to complete two sets of Z.A.R. coins. This took several years and along the way he acquired a few general proof sets as well.

This catalogue represents the ideal opportunity for all collectors to acquire some desirable Z.A.R. coins or to improve on existing collections. Study the list with care as there are some excellent coins.
